The Ultimate Done For You Sexy Texts CheatSheet

Done For You Messages You Can Send Your Man Tonight

Here you can find 200+ sexy text messages and chat starters for you to use.

The spectrum is from sweet to hot. You can use them exactly as you see them here or you can modify them in order to suit your personality or conversational voice.

Some of these texts work great as brief little messages to break up the monotony of the day. Others are starters to longer conversations.

So you'll find them divided into two sections. However, a quickie can lead to a longer conversation, and sometimes a conversation starts and gets interrupted.

It's exciting to use texting to build sexy anticipation & desire mood. Start out slowly and get hotter and hotter. But it's absolutely ok to fire off a message that is dirty right from the start.

As I always say... There is no wrong way to do this!

Quickies (starters and happy endings)

Quickies work well as stand-alone texts. You also can use them as happy endings to longer sexting conversations.

Feel free to mix it up!

Sexting

While quickies can get you to longer conversations, the following messages are created to get a response and build a dialogue, even if the dialogue involves you doing most of the dirty talking.

These work best when you know you have his attention and he can reply back. If you send one and he doesn't reply immediately, you can leave it as a standalone thought or add an ending like "I can't wait" or "See you tonight."

The sensual adventure

The word "imagine" is powerful. It commands his senses and takes him on a secret adventure. First, I am going to give you some phrases, then I will show you how to put it in good use. Read through them and know they are just in a general order right now ;)

Pretend for a moment...

- We are on a romantic vacation...

- It's Saturday night...
- You are here with me now...
- We are alone in bed...

Imagine...

- My legs...
- My breasts and how they react to your expert touch...
- You move your hands across my tummy and then between...
- My lips kissing your chest...
- My hands traveling over your skin...
- My hands are gliding over your soft skin...
- I pull you toward me, I want you on top of me...
- I take your hard cock in my hands...
- My fingers massaging your shoulders/neck/back/scalp...
- My body arching in pleasure as you make me climax...
- I move my face between your legs...
- I take you in my mouth, stroking you with my tongue...
- I slide my hands across your stomach...
- You create a trail of kisses from my breasts to the top of my inner thighs...

The words you want to pepper in these texts include

Explode	Massage	Grope
Climax	Touch	Grab
Squeeze	Wrap	Taste
Shiver	Bliss	Blow
Spark	Hug	Bite
Crave	Embrace	Grind
Desire	Slide	Push
Heat	Glide	Pull
Hot	Caress	Scratch
Sweaty	Envelop	Fondle
Glisten	Graze	Cuddle
Fire	Tease	Feel
Anticipate	Stroke	Pet
Tickle	Rub	Lick

Sizzle Savor Satisfy	Between Brush	Kiss Nibble
----------------------------	------------------	----------------

Here is an example of how to put this all together. . .

You: Hey honey, let's pretend for a moment. . .

Him: Hi! pretend?

You: Yes, pretend that we are alone together on an overnight escape. . .

Him: Mmm that sounds nice

You: We arrive in our room and I gently pull you to me, unbuttoning your shirt. You wrap your arms around me and we pull close for a kiss. . .

You: I know how stressed you've been at work. I tell you to lay on the bed and I grab some massage oil from my bag. I work my fingers over your tense muscles lulling you into a state of relaxation. . .

Him: Oh wow, I would love that

You: I glide my hands over your skin as you roll to your back. I straddle you and begin to slowly grind against you. You feel how turned on I am and match my rhythm...

Him: Mmmm

You: I am aching to feel you. Reading my mind you slide your erection inside me. We move together, faster and faster, our bodies on fire with passion. . .

You: I want to savor this moment, the look on your face as you climax. You are so amazing :)

As you can see from the example, you can do a sensual adventure without using explicit language if that feels more comfortable to you.

20 Sexy Questions

Different than the traditional game of 20 Questions, where he needs to guess what you are thinking (although that is another fun texting game to play), here you are just going to ask him a series of yes/no questions.

Do you like it when...

- I cum for you?...
- I ask you how I can please you? ...
- I swallow? ...
- I tell you how horny you make me? ...
- I beg for you to fuck me? ...
- you know I'm here, crazy with desire for you? ...
- I make you beg for me? ...
- I lose control and scream your name? ...
- I fulfill your fantasies? ...

Are you ready...

- To watch me suck your dick until you cum?...
- To stay up late and go several rounds? ...
- To see my wild side? ...
- To have your every wish be my command? ...
- To have me tire you out and leave you happily spent? ...
- To fuck me long and hard? ...

Just how bad. . .

- Do you think I want you right now? ...
- Do you want me to be for you? ...
- Do you want me right now? ...
- Do you want me to suck your cock? ...

- Do you want to see me naked? ...

Tell me...

- How much are you missing my body...
- Exactly how you are going to please me...
- Just how dirty you want me to be for you...
- How bad you want to fuck me...
- Exactly what you want me to do to you...
- Are you hard thinking of me wanting you so bad? ...
- Are you as horny as I am? ...
- What fantasy you want me to fulfill...

Sexy flashback

These texts I can't write for you :) Just look through your memories. You are going to use the power of memory to take his mind right back to a sexy moment from your past.

Remember...

- A funny time you had sex...
- A time you were really turned on by him...
- Your first kiss...
- The first time you made love...
- A particularly passionate time...
- A particularly romantic time...
- Sex in unusual places...
- The most mind-blowing orgasm he gave you...
- The most recent time you had sex...
- How he made you feel sexy...
- Sex while on vacation...
- The most mind-blowing orgasm you gave him...
- An adventurous sexcapade...

First this, then that

The “first this, then that” is a way to quickly get right into the action of a sexy story. Start with the “first this” and leave an ellipsis on the end. Then send the “then that” section.

If we were alone right now. . .

- first, I would ask you to undress me. . . then we would lay down on our bed
- first, I would pull off your shirt. . . then I would unzip your pants
- first you would kiss me. . . then I would slowly sink to my knees
- first, I would greet you at the door naked. . . then I would pull you in for a passionate kiss
- first, I would lay you naked on the bed. . . then I would begin to rub and caress your tired muscles
- first, you’d come up behind me in the kitchen. . . then you’d grab my hips and press against me

You keep adding to the story by telling him what you’d do next, “Next I would. . .” He might jump in and start narrating what he would do, too. Also, you can vary the story, making him the aggressor, “Next you would. . . Then you would. . .”

Next I would run my hands over your body. . . caressing you, teasing you, enjoying every inch of skin

Then I would slide my fingers up your inner thigh, pausing for a moment, knowing how badly you want me to slide my hands over your erection. . .

Then you would grab my arms and flip me onto my back, pinning me under the weight of your body

Next you would trail kisses from my shoulders to my breasts, watching my nipples stand at full attention

Then you would slide your fingers up my inner thighs, feeling my muscles twitch in anticipation

Next you would move my legs apart and lower your face between them. You know this moment before your tongue meets my skin is the most delicious bit of torture.

Then you begin to lick, suck, and swirl until my entire body is quivering and quaking. I feel the most incredible spasms of sheer pleasure as I climax against you.

The beauty of these types of texts is that you can control the pace of the action. It's like a more simple and improvised form of the Erotic Action Movie and quite similar to the Lust Mirror. You can narrate the story to include your favorite bits of foreplay, oral, and intercourse as you want.

Would you rather

Remember this fun game you used to play as a kid? This time it's a much steamier version. You can use these questions to not only turn your partner on but also to find out things he may not have shared with you before.

Would you rather. . .

- Have me wear sexy panties or none at all?
- See me in tight jeans or a curve-hugging dress?
- Kiss me or nibble my neck?
- Pinch my nipples or suck them?
- Have my hair in a ponytail or down and loose?
- Ejaculate in my mouth or on my body?
- Be my sex slave or have me be yours?
- Make love by candlelight or with the lights on?
- See me in lingerie or in one of your shirts with nothing underneath?
- Have me on top or take me from behind?
- Look down my shirt or up my skirt?
- Watch porn with me or have me be your personal phone sex operator?
- Give me a massage or receive one?
- Take me by surprise or have me beg for you?
- Be tied up or blindfolded?
- Have me tied up or blindfolded?
- Have me be dirty or virginal?

- Have slow and romantic sex or hard and fast?
- Have sex in the shower or in the bathtub?

There is no limit, here! Add in anything your naughty mind can think of :) You can also add in playful and seemingly random questions in there, too, to mix it up.

Would you rather. . .

- Be tickled for 15 minutes or get the mail wearing a towel?
- Have a car but no shoes or shoes but no car?
- See a drive-in movie or outdoor concert?
- Enjoy a picnic on the beach or at the park?
- Plan a surprise or be surprised?
- Go to a football or baseball game?
- Fly first class to a vacation or take a helicopter tour once there?
- Eat in a 4-star restaurant or order room service (naked)?
- Take a trip to Las Vegas or San Diego?

You get the picture. I've used Would You Rather as a sneaky way to get info on gift giving and vacation/staycation plans. Once you are in the groove of asking questions, you can throw in all sorts of "would you rathers" without raising suspicions.

Important notes

Have fun using your smart phones to spice up your love life. All of these examples were created with texting in mind, however, you can use these for phone conversations and face-to-face moments, too.

I hope that your imagination is overflowing with sexy ideas and excitement to try these out!

Remember, you might send a text and not receive a reply right away. Keep in mind, when you aren't right there, you don't know what is happening on his end.

So don't take it personally! There have been several times when my girl had her phone turned off because she was in a meeting, or she left it in the car, or she saw the text and loved what I sent but didn't have a moment to reply.

If you send a text and don't get a response, the most important thing is not to freak out. Just give it some time.

Casually ask if he received it and let him know that there will be more sexy surprises in store for him.

If you suspect that he's just tongue-tied and isn't sure how to respond, use the techniques that ask a specific question to start out with, like 20 Sexy Questions or Would You Rather.

Have fun,
